

# Builder Bonus Programs

Invest. Give back. Earn a bonus!

Cornerstone Fund investors have always enjoyed earning good rates\* — and now you can earn a rate bonus with the Builder Bonus programs. Invest a minimum of \$10,000 (or \$25,000) in a five-year investment, designate a “give-back” gift of at least 10% to any United Church of Christ (UCC) ministry or organization, and enjoy the bonus on the balance of your investment for the entire five-year term.

## Help strengthen churches

“The Builder Bonus programs help to build the UCC in three important ways,” explains Maria C. Coyne, President & CEO of the Cornerstone Fund. “First, all Cornerstone Fund investments help ensure funds are available for loans to UCC churches seeking to improve their facilities and strengthen their ministries. For churches with loans from the Cornerstone Fund, Builder Bonus investments can help the church qualify for an Interest Rate Rebate of up to 1%. And the Builder Bonus offers a third advantage — investors help build their favorite UCC organization by naming that ministry as the recipient of their 10% gift. Individual investors may choose to allocate their 10% “give-back” contribution to their local church to fulfill their regular pledge, to a capital campaign, or to any UCC-affiliated organization.”

## Earn a bonus for five years

The Builder Bonus also helps investors themselves. Individuals or organizations with fixed income investments in their portfolios can choose the Builder Bonus to earn a higher rate of return while still enjoying the potential tax benefits available on eligible charitable contributions.
