## Introducing the Demand+ Account

### **Cornerstone Fund Demand Accounts**

The Cornerstone Fund's Demand Accounts are liquid accounts. With competitive rates\* and no fees, churches, individuals, and related ministries wanting to earn a little more on their extra cash and reserves can "sweep" money out of their checking account for a few days, a week, or for months. When they need the funds, a simple email request initiates a free ACH/electronic funds transfer. A request received by noon on a Cornerstone Fund business day will be processed the same day.

### **Earn even more with the Demand+ Account**

The Cornerstone Fund's new Demand+ Account rewards you even more with the same flexibility of a traditional demand account. With an opening investment of at least \$50 and a minimum monthly investment of \$100 (via ACH/electronic funds transfer), you will earn even higher rates than the traditional demand account.

### **The Cornerstone Fund Demand Account Advantage**

The Cornerstone Fund demand accounts allow you to have easy access to your savings, while also supporting the mission of the United Church of Christ. Use demand accounts to save for quarterly tax payments, out-of-pocket healthcare expenses, school tuition, and/or unexpected home repair projects. Churches and other UCC-affiliated organizations can use demand accounts for working investment funds, capital campaign pledges, and other operating funds.
