INSTRUCTIONS

This form is for use by you to transfer your Investment Note(s) issued by the Cornerstone Fund upon your death (or the death of the last surviving owner) to specified individuals or organizations or to both. The trustee of a trust also may be named as a designated beneficiary. In order to make the designation, all owners of the Investment Note(s) must sign this form. If a spouse is not also an owner of the Investment Note(s), that spouse must complete the Spousal Consent above. For purposes of this Designation, "organizations" shall mean any organization that qualifies as being tax exempt under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, or under any such successor provision of the laws of the United States.

Upon completion of this form, your Investment Note(s) will state, following your name(s) as owner(s): "POD (name[s] of Individual beneficiaries), no LDPS, as joint tenants with right of survivorship" and/or "POD (name[s] of organization(s)), or their qualified successors, as tenants in common" and in the case of both designated individuals and designated organizations will also state "Group JT" The use of the phrase "no LDPS" as to individuals means that if a named Individual beneficiary has predeceased the owner(s), his or her share shall be transferred to the surviving beneficiaries, and not to the descendants of the deceased beneficiary. If an organization has ceased to exist, its share of the Investment Note(s) will be transferred to its successor in interest (if it is an organization), otherwise to the remaining beneficiaries. The use of the phrase "Group JT" means that as between the organizations and the individuals as a group, the Investment Note(s) will be held as joint tenants with the right of survivorship. Therefore, on the death of the last of the owner(s), if all individual beneficiaries are deceased, the Investment Note(s) will be transferred totally to the organizations and if all organizations cease to exist and there exists no successors in interest that are organizations, the Investment Note(s) will be transferred totally to the named individuals. Further, on the death of the last of the owner(s), if there are no Individual beneficiaries surviving and/or all organizations have ceased to exist without qualified successors, the Investment Note(s) will be treated as if this designation had never been executed and is null and void.

On the death of the last owner, the principal balance and all accrued and unpaid Interest on the Investment Note(s) will be divided equally among the designated beneficiaries, unless you otherwise indicate specific percentages of ownership. New, Investment Note(s) for like terms will be Issued for each organization's respective share and/or issued to the named Individuals for their respective shares or as a group as joints tenants with the right of survivorship per your election below.

The "Pay on Death" designation may be changed or revoked by the owner(s) by notice in writing to the Cornerstone Fund at any time during his/her life and does not affect the owner's(s) right to interest payments or to redeem the Investment Note(s) at maturity during his/her life. Such redemption of an Investment Note(s) by the owner(s) shall be deemed a revocation of the "Pay on Death" Designation as to that Investment Note(s) so redeemed.
