

To build the church, invest with the church.

Since 1995, The Cornerstone Fund has helped strengthen local churches across the United Church of Christ. But we couldn't do it without our investors — individuals and families, churches and guilds, conferences and organizations. Our investors receive a solid rate of return on their Cornerstone Fund investments, and provide the foundation for loans that help established churches build and grow. To become a Cornerstone Fund investor, give us a call at 888-822-3863 or visit us online at cornerstonefund.org.

**Invest from the heart,
and help UCC churches build for the future.**
