The Cornerstone Fund also offers flexible and competitive investment options for churches, church affiliates and individual investors. The United Church of Christ

The United Church of Christ (UCC) is a very young church with old roots. The UCC was formed in 1957 when several denominations, some of which go back to the Protestant Reformation, merged. They include the Congregational and Christian churches (which merged in 1931) and the German Evangelical and Reformed Church in America (which merged in 1934). One of the hallmarks of the UCC is the quest to seek social justice for all people. The UCC believes that to truly understand the Gospel of Jesus Christ, one must read it from the perspective of the poor, the oppressed, and the marginalized. Christ is revealed in word, sacrament, and service. This philosophy is embodied in the UCC’s purpose, vision, and mission statements:

Purpose: To love God with all our heart, mind, soul, and strength and our neighbor as ourselves.

Vision: United in Christ’s love, a just world for all.

Mission: United in Spirit and inspired by God’s grace, we welcome all, love all, and seek justice for all.
